Product Name: **HEX-A-FIX CUBES**

Available in 10 assorted colours

Sold as sets of 50/100/500/1000

Perfect for developing skills like counting, sorting, sequencing, patterning, graphing and basic math operations. Connectable on all six sides. Rotates to develop spatial awareness, problem solving, fine motor skills and creativity. Unique connection design that is guaranteed not to wear or loosen with constant use.

Art No: 3715

Product Name: **BASE TEN SET**

Colours: Orange, blue, yellow & green

Each set consists of 100 cubes, 10 rods, 10 flats & 1 block. Also sold as individual parts

The set is used to effortlessly teach concepts like place value, addition, subtraction, number sense & counting.

Art No: 3113

Product Name: **9" GEOBOARD DOUBLE-SIDED**

Colours: Yellow, blue, orange, red, purple, green

Packing: Sold as a set of 6 pieces of 6 colours, shrink-wrapped with a pouch of 9 rubber bands. Also available in individual colours. A wonderful tool for exploring several math topics that are introduced in elementary and middle school. Students stretch rubber bands around pegs to form line segments, polygons, triangles, etc to make discoveries about perimeter, area, angles, congruence, fractions etc. It develops spatial thinking, imagination and makes abstract concepts tangible. It has a grid of 11 x 11 pins on one side and an isometric pin array on the other.

Also available in 7" & 6"

Art No: 3108 – 7" GEOBOARD DOUBLE-SIDED

Art No: 3107 – 6" GEOBOARD DOUBLE-SIDED

Art No: 3226
